

## NEGS Hair & Beauty Expo

On Saturday 2<sup>nd</sup> of April Le Salon participated in the yearly Hair & Beauty Expo held at NEGS. It gave us the opportunity to show off some of our hair and makeup styling skills as well as offer some tips and advice for how to get that salon-perfect look at home. We displayed soft feminine hairstyles with on-

trend use of soft curls, structured messiness and intricate plait detailing. It was a great opportunity for us to meet new clients too and we hope those who attended enjoyed what we had to show them. We were lucky enough to have had some gorgeous young local girls model for us and we appreciated their help so much on the day. A BIG thanks to our models!

Spring 2011

# Le Salon Life

## Purple is the new pink!

We're giving you the scoop on this season's hottest lust-have colour. GHD have released a fabulous shade of "blue based pink" (purple to the rest of us) and it's taking the fashion world by storm. Bright Pop colours in general are going to be on the menu as the weather warms up. **IF** it warms up ... you just never know in the New England! But fingers crossed because I can't wait to step out in some bold statement colours that will match the zesty mood of Spring / Summer 2011.

## Spring-spiration!

The Le salon team recently partook in a photo shoot creating a number of looks inspired by the trends headed our way this coming spring. Strong colours combine with timeless glamour to give a feminine edge to these looks. Ask your stylist how you too can embrace the new season.

## Cosmos and Calgary

"Awesome, spectacular, trip of a lifetime" is the way I have been answering the question "How was your trip?"

After a long 14 hour flight we arrived in Dallas Texas, hired a mustang convertible and drove around in style. With only a short time in Texas we made the most of it. We enjoyed the largest breakfast I have EVER seen courtesy of Mimi's (pancakes, bacon and eggs all on the same plate). Then it was off to the shops to deck ourselves out in cowgirl attire to fit in at the Calgary Stampede.

Our next destination, Canada, is possibly the most beautiful place on Earth. After enjoying the sights at the Rocky Mountains, Banff, Lake Louise and white water rafting on the Kicking Horse river we headed to the greatest outdoor show on Earth where we enjoyed 4 days of great food music and a lot of fun.

New York City was next on the agenda and it really is another world. A new adventure waits around every corner. I was able to tick off a few items on the old bucket list. The highlight, which I must thank my clients for encouraging me to partake in was the *Sex and the City* tour. I now have an ever deeper appreciation for what I see as one of the best shows to ever be seen on TV. We also engaged in some intensive retail therapy ... can't wait to show off my new summer wardrobe!

It wasn't all socialising and martinis mind you! I also spent 3 days learning new tips & tricks of the trade at the TIGI academy in Soho. Some of you have had a sample already. I'm looking forward to pushing the boundaries and exploring my new skills in the future. Bring on Spring and the warm weather I say! There are going to be some hot ladies in the streets of Armidale ... NYC style!

A big thanks to all my loyal clients who bravely faced the world in between cuts & colours. I greatly appreciate your continued support.
